

## COMMERCIAL/HOUSEHOLD LADDERS

Our Spider Lite ladder range stems from feedback that there is a lack of quality Home/office ladders in the market. The common ladders that are for home/office use often look “the same drab Aluminium colour” or the ladder functions solely as a ladder. With the Spider Lite range, you not only have quality ladders, but also ladders that are multi-functional and versatile - Utility tray, tool rack, one-click open/close function, handlebar for easy carrying (not to mention that they look way cooler than the commonly available ladders).

**SAFE, STURDY,  
LONG LASTING,  
EASY TO USE**

175KG

**FIBERGLASS 3-7 STEP HOUSEHOLD LADDERS (HYH-1354, HYH-1666, HYH-1775, HYH-2380, HYH-2688)**
